When does my membership start? Your membership is good for 12 months and starts when you pay online or when we receive your check.

How can I find if I need to renew? If you went online to pay last year, go into your account at mympca.org and click on My Membership.

If I go online, do I need to create an account? Yes, you will be creating an account for your whole household. Make the password one that will be shared with other adults in your household as that portal not only allows you to pay for your membership but to also register for the MPCA events such as the garage sale. Do we still have MPCA Street Reps? Yes, and they may not only contact you in person but may call or email you to remind you to renew your membership. In the spring, street reps may contact you to make sure your contact information is still current for the upcoming Minerva Park directory.
